

Practical Community Pediatrics Continuing Medical Education Series

Presented by

The Brain Institute at
Nicklaus Children's Hospital

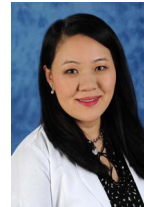

Evaluation of the pediatric cranium and management of abnormal head size, shape, and lesions

Objectives:

1. Understand the pathophysiology, evaluation, etiology and management of macrocephaly, and recognize concerning features associated with pediatric hydrocephalus and shunt malfunction
2. Evaluate head shape, distinguish between craniosynostosis and positional plagiocephaly, and understand when to refer
3. Recognize common neurosurgical cranial diagnoses including scalp lesions, congenital defects, skull fractures, and be able to select the appropriate tools for evaluation

Speaker:

Shelly Wang, MD, MPH
Pediatric Neurosurgeon
Nicklaus Children's Hospital

Thursday, February 13, 2020

Registration 6:30 p.m.
Lecture begins at 7:00 p.m.

Cooper's Hawk Winery & Restaurant

3585 NW 83 Avenue, Doral, FL 33122
