

Hypospadias and Differences of Sex Development: New Clinical & Research Paradigms

Nicolas Kalfa, MD, PhD

Professor and Head, Pediatric Surgery & Urology Departments
Université de Montpellier
Hôpital Lapeyronie
CHU de Montpellier
France

Objectives: At the conclusion of this presentation, attendees are expected to:

1. Identify situations of differences of sex development (DSD) and provide early and optimal management and support
2. Know the principles of a multidisciplinary and whole life program
3. Get an overview of the etiology research of DSD on both genetics and environment
4. Be aware of the ethical and societal questioning regarding support for DSD individuals
